Qpien

June 2021 — Currently

Full Stack Developer

We are building User Interfaces using React.js and Node.js. I'm currently Full Stack Developer.

Tech: React.js, GraphQL(Apollo), Microfrontend, TypeScript, Node.js.

Cekmekoy Municipality IT Department

August 2020 — September 2020

Information Technologies Intern

INTERESTS

- For now, I'm focusing Web Technologies(React) and JavaScript. Also, I'm interested in Open Source Software.
- Writing code and learning something makes me so happy. Also I like so much human and computer interaction.
